

Ways to attend Ozwater'17

A quick guide to Ozwater registration options

16-18 MAY | SYDNEY

1

For professionals looking to grow their technical knowledge across several areas of the water sector, a **full registration** will give you access to all conference sessions, the Trade Exhibition, full papers and e-posters, morning tea, lunch and afternoon tea, plus networking at the Welcome Evening, Happy Hour and Closing Drinks.

2

Can't afford to take three full days off? You can purchase a **day registration** for one day to attend the sessions most suited to you. As well as being able to attend your nominated day's sessions, you'll have access to the Trade Exhibition, full papers and e-posters, plus morning tea, lunch and afternoon tea.

3

Is there a workshop or panel that relates specifically to your specialism? You can purchase a **single pass for any workshop or panel** and access the materials and posters specific to that session. This package does not include catering and there is a limit of 20 passes available per workshop/panel.

4

Not attending Ozwater as a delegate? You can attend the Ozwater Trade Exhibition as a **free trade visitor**. You'll stay one step ahead of your competition and see the largest showcase of new and exciting technologies, products and services in the industry. Skip the on-site registration queues by pre-registering online.

5

Got a great idea that could be applied to the water industry? Why not register for the **Water Hack** on day 3? You can contribute your knowledge and expertise, and network and collaborate with other water sector peers on the issues that matter most. You can register as an individual or as a team of between 2-5 people.

6

Are you new to the water industry or an early career water professional? The **Young Water Professionals Program** is a separate program and includes a site tour, an interactive workshop, plus a panel and lunch with the Young Water Professional of the Year Award winners from each state and territory.

Visit www.ozwater.org for more information and to register.
